SIGNS OF LIFE

... Where flows the river
through prairies to the frozen north ...

... built our fathers, a school

to stand through years to be

... till the truth be spread that sets men free ...

... hail, hail to our college ...

... that her sons and daughters might go forth ...

. . . . pledge we heart and mind and soul

..... our Alma Mater.

CLASSES AND FACULTY

One of the strongest forces in the molding of campus life of a student is the faculty. To the new student, the faculty stands as a superior race, benevolent and inspiring. To the student soon to graduate, the faculty has become the epitome of lasting friendship, inseparably a part of the school, and a final judge of achievement.

From the President

Where Flows the River Through Prairies . . .

The river is a symbol of tireless energy. Flowing ever onward, it turns the wheels of industry, giving life and beauty to the land through which it moves.

Fed by countless springs of pure water, the river is ever renewed and ever loses itself in the needs of a parched land.

From the College there go out streams of influence and power—streams of thought and action that enrich and beautify the life of the countryside.

The College annual, the Praeceptor, portrays the life of the campus.

It is the story of college youth as they work and play together, proud to be called Dragons and anxious to uphold the ideals of their Alma Mater.

It is the story of youth dreaming of the days when they shall assume the privileges and obligations which come with maturity. The picture of college youth on this campus is heartening to one who loves America.

The future is in good hands.

Pledge We Heart and Mind and Soul to Her We Love . . . Our Alma Mater

Miss Hougham and Mrs. Goodsell discuss new books for the library. Miss Lommen in the Placement office. Miss Lumley and Dr. Lura, deans, work out plans for the administration of the dormitories with Miss Dahl, Dormitory director.

The Teachers College

An Institution for Public Service

Moorhead State Teachers College is one of six such institutions maintained by the state. It is a fully accredited member of the American Association of Teachers Colleges, and credits earned are accepted by recognized colleges and universities when credits meet established requirements.

Curricula lead to the four-year degree, bachelor of education, or to the two-year diploma. It prepares teachers, supervisors, and administrators for rural, elementary, junior and senior schools. Two years of the degree course are general and designed to initiate students into science, literature and arts. Professional subjects are left to the upper level of college work.

The College is administered by the Teachers College Board, of which Dr. Gilbert L. Gosslee is local resident director. Faculty members received their training at leading colleges and universities and are active in research and community leadership. They teach amid ideal conditions on a modern campus during three quarters of the regular year and the six weeks summer session.

CLASSES

Seniors, Juniors, Sophomores, and Freshmen,—a sympathetic Senior—a jolly Junior—a domineering Soph—and an awed Freshie. They direct the Freshman party—the Sophomore Ball—the Juniors honor the Seniors—The Senior Commencement. Each class does its part—and then the co-operative spirit of the College manifests itself in the activities in which all students, regardless of class, enter into whole-heartedly.

ACTIVITIES

College life would be monotonous indeed, without its extra-curricular activities. They afford the privilege of following some special interest in a more informal way than is possible in the classroom. M.S.T.C. presents a variety of activities to which the students may devote their time and talent, and from which they may receive the development and the satisfaction they desire.

THE STUDENT COMMISSION

The Student Commission, the governing body of the college, regulates all student activities through various committees, of which each commissioner is chairman. Among the outstanding achievements of the 1935-36 commission were the publication of the "Dragon Guide Book" for the special benefit of the freshmen, and the sponsorship of the annual Homecoming and January Jubilee.

Above—Social hour, a popular pastime sponsored each Wednesday by the Commission. A little collaboration at the election. Dress rehearsal of the Jan-Jub. Lewis to Hoag, the old prexy to the new. **Below**—The new and old commissions meet together for the installation. Standing: L. Hoag;

SPECIAL COMMITTEES

Variety and the highest quality characterized the lyceum course, including concerts by the Salvi String Quartet; Cornelius Van Vliet, cellist; Classic Guild of New York, presenting "Great Scenes from Shakespeare;" and Alexander Brailowsky, brilliant Russian pianist. The activity fee committee distributes the student activity fund to the various extra-curricular groups. Both committees are composed of both student and faculty members.

Friday evening, November 1, marked the inauguration of the annual Homecoming for 1935. This year's Homecoming, built around the medieval theme, "Ye Dragon Merriemakynge," struck an original note, and was a glamorous crusade of knights and ladies. A panorama of many gay events, frolics, and repasts all centered around the court of Margaret Fuglie, Queen of the Homecoming.

JANUARY JUBILEE

"Synkeesom," an original mystery-comedy, was the name of the fifth annual January Jubilee, all-College musical production. Music, dances, and settings composed entirely by students made the 1935-36 Jan-Jub of the finest ever presented. Heading a cast of 150 were Leverett Hoag, Elianor Sherman, Frances Gates, Kenneth Christiansen, Alice Graves, Don Dickinson, Martha Lou Price, and Annabelle Cruikshank.

DAD'S and MOTHER'S DAY

Students escorted their parents through the various departments of the college at the first annual Dad's and Mother's day celebration, October 12. Assuming the role of hosts for the day, the students entertained their parents at a noon luncheon which was followed by a football game between the Dragons and Duluth.

campus. Lydia Foslien greets "Ma" and "Pa" at the campus circle.

Below—Parents were guests at the Duluth-Dragon football game as the closing feature of the Dad's and Mother's Day.

HALL OF FAME

Traditionally, the Praeceptor features eight representative students whom the student body has honored by election to the Hall of Fame. Chosen on the basis of popularity, scholarship, and participation in school activities, four men and four women are honored each year. Once elected, a student remains in the Hall of Fame from year to year without re-election.

Six students on the campus have been honored in previous years in the Hall of Fame. Signe Olson, editor of the 1935 All-American Praeceptor; Mabel Peoples, editor of the 1936 annual; Margaret Fuglie, Homecoming Queen of 1935; Vernon Shranz, prominent in music and athletics; Luverne Lewis, former editor of the MiSTiC and president of the student commission; and Vincent Schneider, publicity director and leading actor in the Senior Class Play.

MUSIC

Music holds a "high hand" on the M. S. T. C. campus. Through a wide scope of musical organizations, both vocal and instrumental, each student is given a chance to develop along his particular line. Participation, however, is not limited to the larger groups; several smaller organizations give all the chance to take part.

CHAPEL CHOIR

The College Choir appeared regularly at the Chapel exercises this year. In addition, they presented the annual Christmas concert, with Mrs. Daniel Preston, violinist, and Mr. Lawrence Peterson, tenor, assisting. Following the concert, a thirty minute broadcast was made from WDAY in Fargo. The choir also plans to sing with the Alumni Chorus at the Baccalaureate Service.

EUTERPE SINGERS

The "Euterpe Singers," directed by Miss Maude Wenck, seeks to develop an appreciation of the best in sacred and secular music, and to develop the highest degree of musical ability. The outstanding performance of this women's group was the spring recital, given April 23. Soloists were Carol Forsberg, pianist, and Ruth Hannaford, Mezzo Soprano.

THE CONCERT BAND

During the year the Concert Band was unusually active, being featured in field maneuvers and special music on Dad's and Mother's Day, Homecoming, and at athletic contests. Spring Concerts included the annual grand concert in Weld Hall, a program dedicated to citizens of Moorhead in the new armory, and the commencement concert.

THE ORCHESTRA

An evening concert was presented by the College String Orchestra which was directed by Daniel L. Preston, head of the college music department. Vocal and instrumental soloists assisted the orchestra which played as its chief presentation the "C Major Concerto" by Mozart, with Charlotte Palimon, pianist of Fargo, as featured soloist.

MUSIC ACTIVITIES

To provide musical opportunities for a large number of students of the college, Miss Wenck organized and directed a large mixed chorus this year. Membership open to any student who passed a voice test, the group worked on such selections as the "Soldier's Chorus," Gounod; "The Beautiful Blue Danube," Strauss; and "The Glow-Worm," Lincke.

PUBLICATIONS

M. S. T. C. publications are truly an important organ of the student body, and a useful adjunct to college life. The *Præceptor* and *Western Mystic*, the two chief publications on the campus, do much to develop the literary instincts of the students, in that the work of each is done almost wholly by them.

THE PRAECEPTOR

Again the Praeceptor staff, under the supervision of Mabel Peoples, editor, Luverne Lewis, managing editor, Walter Severson, business manager, and Mr. Murray, adviser, presents the annual yearbook, recording the school "high lights" of the year, and hoping to maintain the All-American standard achieved by both the 1934 and 1935 annuals.

Above—The sports section, Stevenson, Eskildsen, Stucky, seem to enjoy the preliminary work. Mr. Murray was reaching for another bun at the Praeceptor breakfast. Chief Mibs hatches another grand idea but Looie seems a bit in the dark. Presting studies it over. The staff mixes duty with pleasure

THE WESTERN MiSTiC

Upon the shoulders of the Western MiSTiC staff falls the responsibility of preparing each week, a timely journal of the various phases of college—its outstanding events and accomplishments, its humor and pranks. This year's MiSTiC was edited by a large staff headed by Maynard Tvedt, editor-in chief, Walter Severson, business manager, and Mr. Murray, faculty advisor.

THE PRINT SHOP

An extremely important part of the college is the print shop. Set up in the basement of Weld Hall, it carries out its essential work, each week printing the MiSTiC, and preparing posters, tickets, and programs for college use. The shop is under the supervision of Mr. Weltzin, who teaches printing in both the Training School and the College.

Below—Mr. Weltzin, running the press in the basement of Weld Hall. Soon the paper will be in the post-office boxes in the exchange.

FORENSICS

To develop added poise and grace in speaking and acting in public, is recognized as an important factor in the training of future teachers. Hence, dramatics, debate, extempore speaking, and other forms of public speaking, are emphasized to a large extent, by the Moorhead State Teachers College.

Debate Season

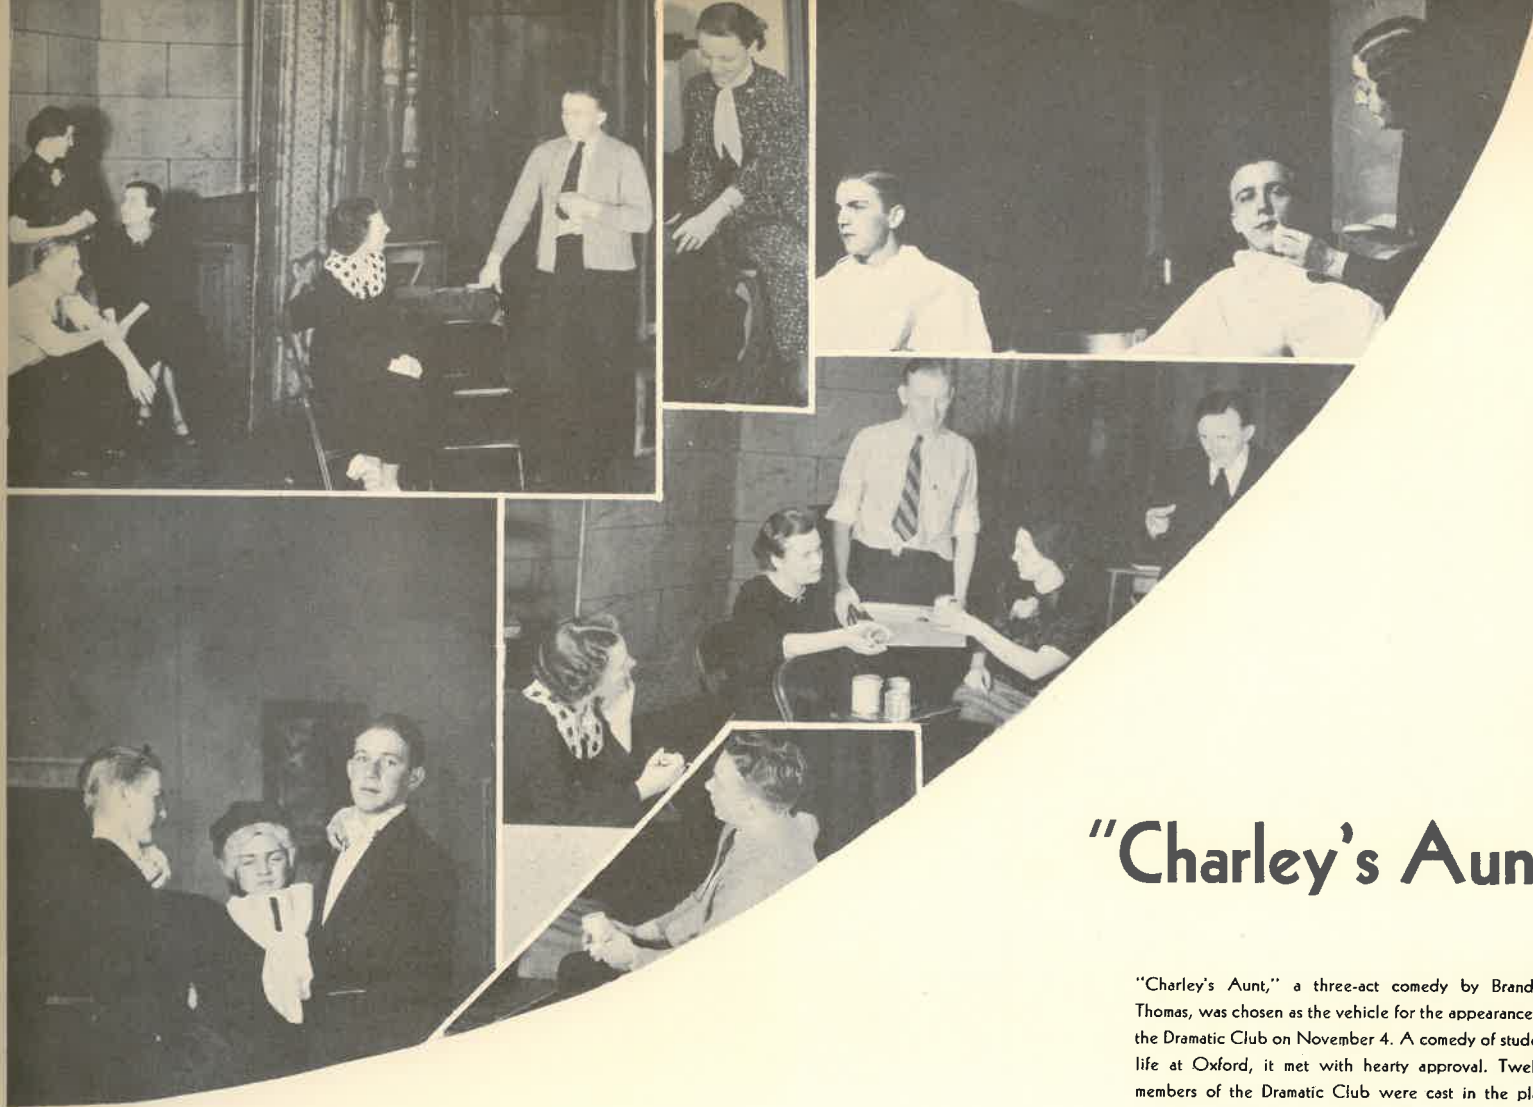

The college debate squad, coached by Mr. Loewen, spent an active year in tournament, out-of-town, and local contests, meeting delegations from St. Thomas College, Concordia College, and the University of Minnesota in non-decision debates, and participating in the St. Thomas, St. Catherine and Concordia tournaments. Trips were made to St. Paul, Duluth and Jamestown.

Mildred Anderson and Elizabeth Koops, one of the five surviving teams of the 37 which entered the St. Catherine tournament, meet Hazel Sorenson and Rose Naplin in a practice duel. H. Hoag, veteran squad members, of a new bit of evidence.

"Charley's Aunt"

"Charley's Aunt," a three-act comedy by Brandon Thomas, was chosen as the vehicle for the appearance of the Dramatic Club on November 4. A comedy of student life at Oxford, it met with hearty approval. Twelve members of the Dramatic Club were cast in the play, with Donald Tescher, masquerading as Charley's Aunt, and Lyall Engebretson and Morton Presting taking the leading roles.

Above—K. Hovde, M. Wedul, V. Taffin, G. Rehfeld, K. Christiansen, and F. Gates rehearse their lines. Miss Dahl puts the finishing touches on Kenny while Presting waits his turn. Presting, Tescher, and Engebretson do a bit of posing. Which paint is best

SENIOR CLASS PLAY

Twelve members of the Senior Class were cast in "The Passing of the Third Floor Back," Jerome K. Jerome's quietly moving drama of middle-class life in England. The role of the Stranger, played by Vincent Schneider, exemplified the spirit of Christ and transformed the lives of the people living in Mrs. Sharpe's boarding house.

ATHLETICS

In the Minnesota teachers college conference, of which they are a member, the Dragons are known as formidable and clean playing athletes. A championship football team, a strong basketball team, and well organized squads in the minor sports give Moorhead State Teachers college an enviable position in inter-collegiate athletic circles.

TRACK • TENNIS • BASEBALL

A large and enthusiastic group of athletes have made track, tennis, and baseball very active sports during the spring months. Under the able tutelage of Coach "Chet" Gilpin, the track squad will present a formidable array in the track and field meets which will be held in May. Several meets have been scheduled with neighboring schools.

With the three new tennis courts almost finished, this

sport is slated to become a major intra-mural activity at M. S. T. C. An intercollegiate team of about five or six men is being groomed for several court battles with other college teams.

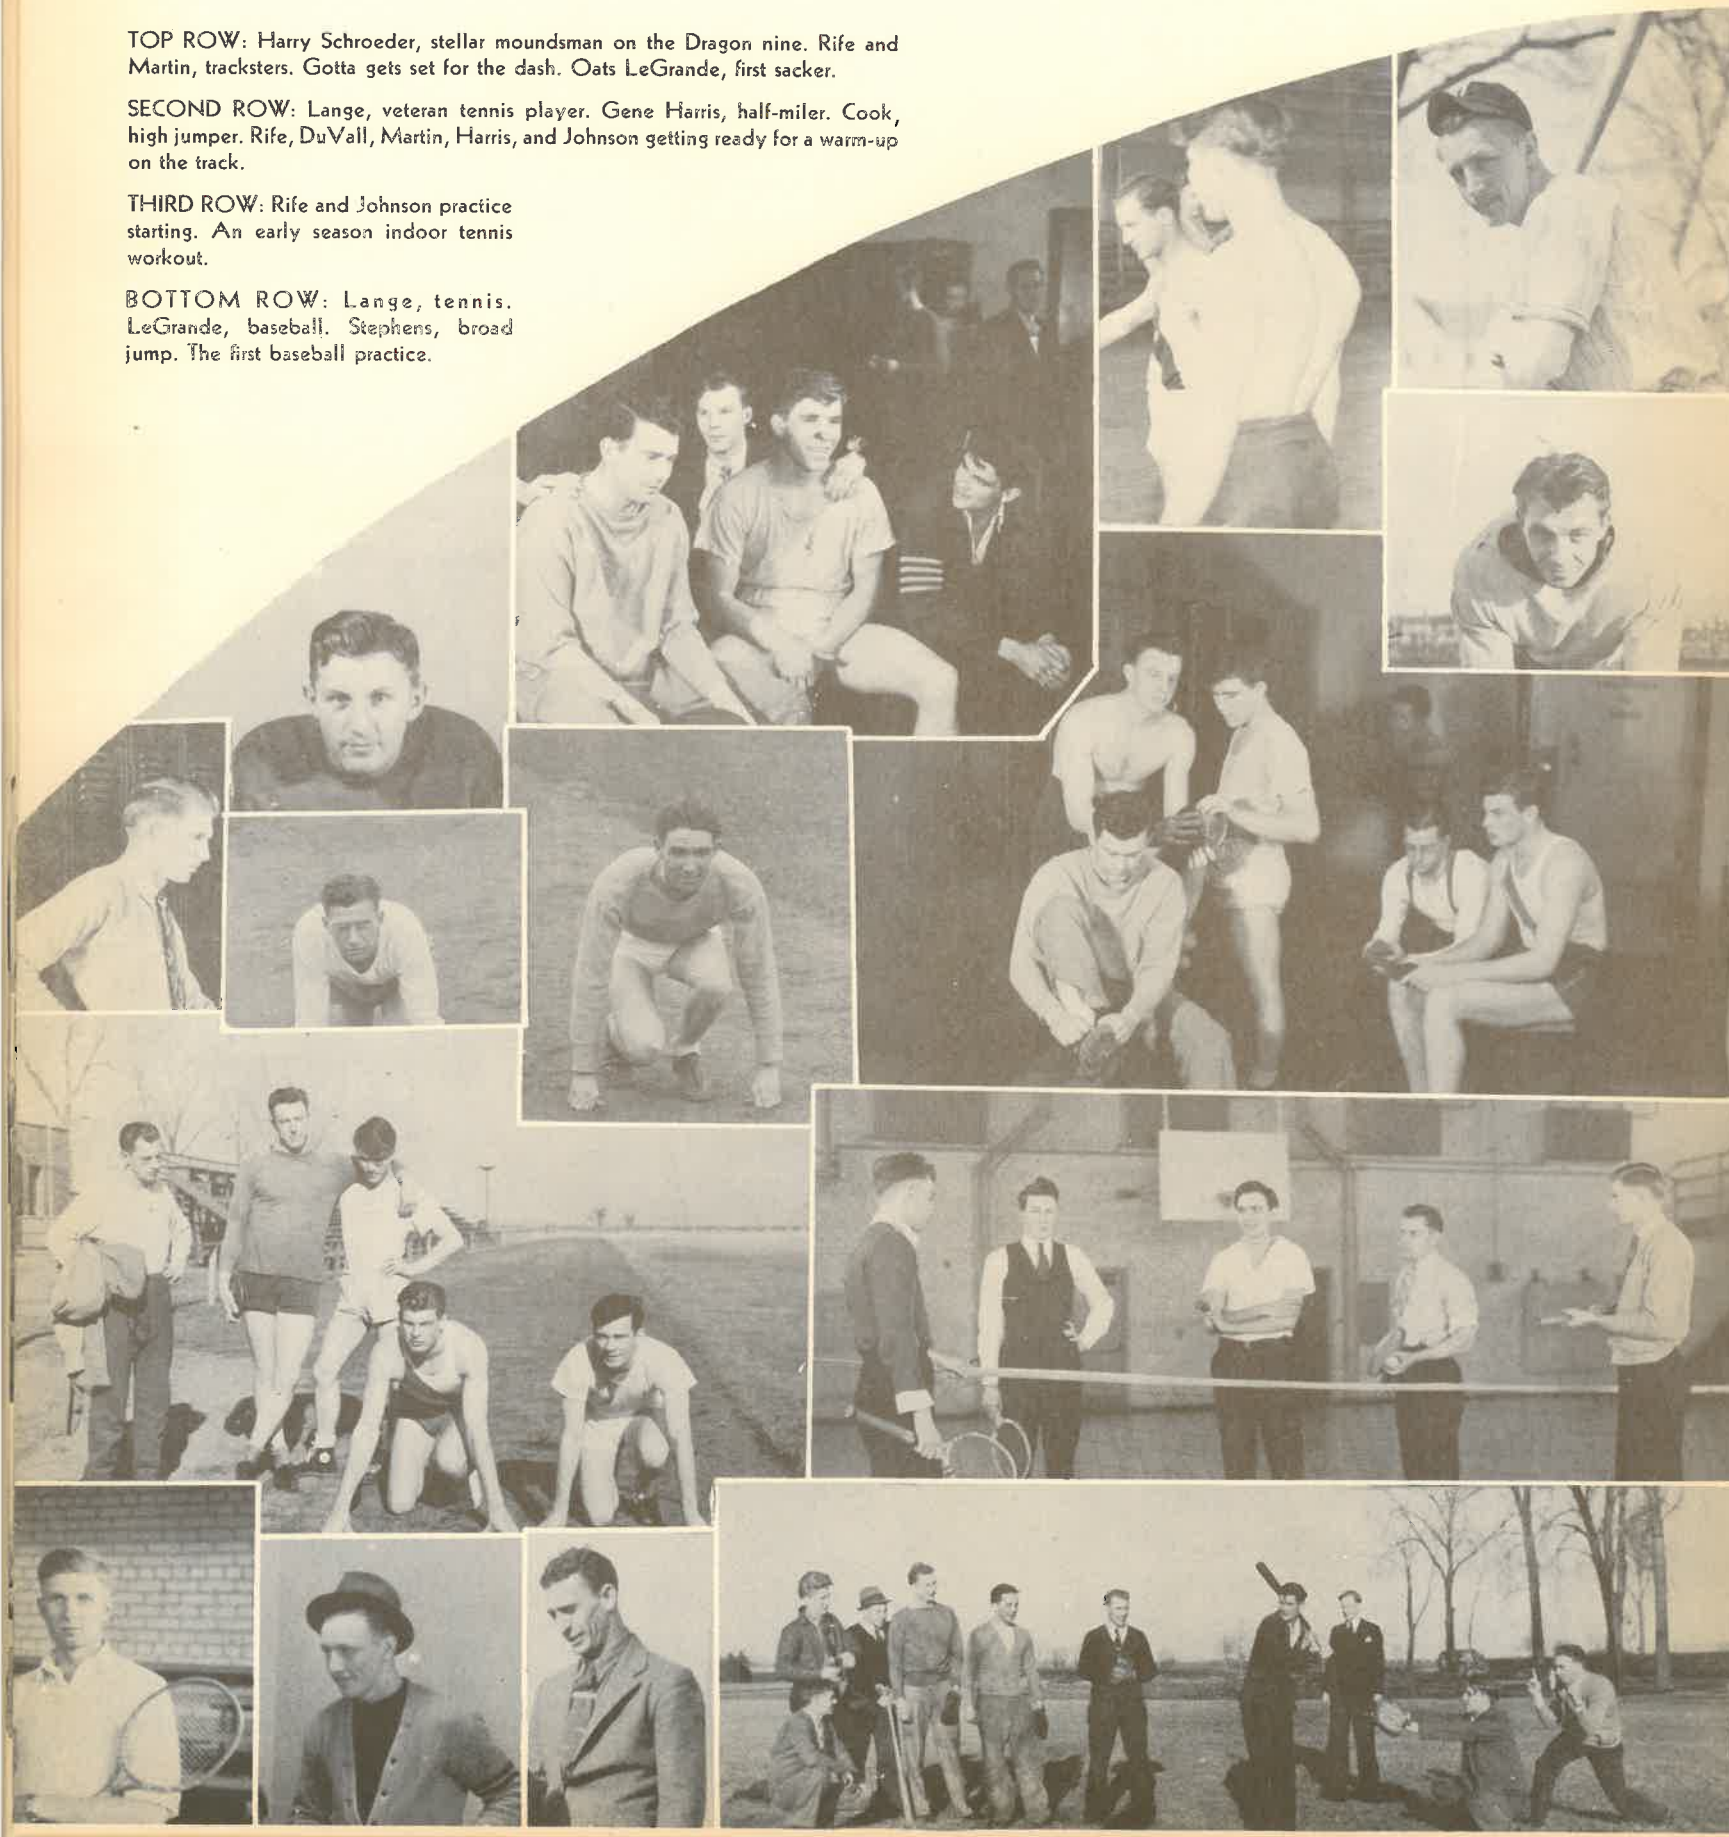

Under the direction of student coach Walt Scheela, a baseball team is being organized for games with neighboring colleges and several independent aggregations from Moorhead and Fargo.

TOP ROW: Harry Schroeder, stellar moundsman on the Dragon nine. Rife and Martin, tracksters. Gotta gets set for the dash. Oats LeGrande, first sacker.

SECOND ROW: Lange, veteran tennis player. Gene Harris, half-miler. Cook, high jumper. Rife, DuVall, Martin, Harris, and Johnson getting ready for a warm-up on the track.

THIRD ROW: Rife and Johnson practice starting. An early season indoor tennis workout.

BOTTOM ROW: Lange, tennis. LeGrande, baseball. Stephens, broad jump. The first baseball practice.

INTRA-MURAL ATHLETICS

Strong intercollegiate representatives are not all that Moorhead State Teachers has to offer in the way of an athletic program. Sports of various kinds including basketball, ping-pong, badminton, quoits, shuffleboard, swimming, diamond-ball, tumbling, baseball, tennis, and archery are the principal intra-mural activities in which many athletes and near-athletes participate.

INTRA-MURAL SPORTS

Golf facilities at M. S. T. C. are very good with three courses nearby. The table tennis room is constantly busy as students while away the long winter hours. Several of the college boxers gained prominence in local rings. Fraternity rivalry is evidenced in the annual Alpha Epsilon-Owl basketball series.

Top Row: Dell Baird puts one on the green. Coach Nemzek takes his turn at the elusive pellet. **Bottom Row:** Torreano comes out of his corner. INTRA-MURAL SPORTS

Many able gymnasts have been developed at the Dragon school; tumbling is a regular part of the physical education course; the mats see the "grunt and groan" artists workout often; the beautiful green tile swimming pool is the scene of much sport by the Dragon mermaids and marmen who take their daily dips.

Top Row: Ross Stephens demonstrates his prowess. The tumbling class builds a pyramid. Lying down, Reinhold Utke, Willard Swiers; upside down, Bud Pederson, Doc Elstad; background, Bud Richards, Herman Koch, Byron Townsend, George Heys, Sherlock Sorem. **Bottom Row:** Mervin Snyder and John Wilson work out on the mats. INTRA-MURAL SPORTS

Three all-school tank meets each year climax the activities of the Dragon swimmers who compete for the Ivan Prestegaard medals. Facilities are available to all students and faculty members for supervised and recreational swimming. The pool is under the supervision of trained life guards at all times.

Above—Ross in a pugilistic mood. Bob Marquardt veteran life guard who with his partner Hollister "makes the pool safe for swimming." An early season work-out, "play ball". Gene Harris and Davy Duvall, winners in the men's tank meet. On your

THE W. A. A.

The Women's Athletic Association, organized in 1924, carries out a well-rounded program of sports, fosters clean sportsmanship and arouses an interest in athletics. Ann Meyers is president; Frances Olson, vice-president; Lucille Bergerud, treasurer; and Elsie Raer, secretary. Those who have earned 1,000 points by participation in sports are members of the "M" Club. Grace Meland is president, aided by Margaret Johnson, vice-president, and Helen Keller, secretary-treasurer.

Above—What is the W. A. A. and the "M" Club planning? Perhaps it is the Basketball Tournament or a Pot-Luck supper. Some tank stars. B. Hoag is practicing for a boxing-match. How many test papers and note-books have Miss Frick and Miss McKellar to correct? Captains are discussing their respective teams while swimmers are enjoying a period of recreation.

Below—Why the letter "M"? It is the Pep Squad composed of M. L. Price, M. Schutt, S. Stusiak, F. Hanson, V. Peterson, P. Eddy, M. Strand, M. McCarty, V. Empting, E. Satre, and H. Krumholz. S. Stusiak and E. Satre, are the cheer leaders of the group which makes the tournament games most exciting by their frequent appearances throughout the year.

FALL SPORTS

With the opening of this season comes the urge for athletic activities. Miss Frick and Miss McKellar instruct physical education classes in the technic of various games and teaching methods. The W. A. A. organizes enthusiastic women into class and varisty teams of which kick-ball and field-hockey are the most prominent. Other activities are: soccer, tumbling, and bicycling.

Above—Tumbling acts are staged by H. Peoples, S. Stusiak, and P. Eddy. The winning kick-ball team is seen on the field: K. Umhoefer, L. Jacobson, P. Eddy, F. Kroening, M. Johnson, A. Meyers, S. Stusiak and S. Peterson. Who will win the race between E. Griffin, A. Meyers and F. Kroening? Ann Meyers creates a sensation by her bicycling stunt.

Below—The major sport of the fall season is field-hockey. One may often see on a warm September afternoon a number of players in the process of practice before a game. Members chosen for the Varisty Team are: K. Umhoefer, S. Stusiak, P. Eddy, L. Jacobson, M. Johnson, A. Streich, M. Morrison, A. Rinke, A. Nemzek and H. Sorenson.

WINTER SPORTS

In spite of cold weather a number of outdoor sports are enjoyed, namely skiing, skating and tobogganing. Indoor activities participated in are volley-ball and basket-ball, of which the latter is the chiefest. Under the basket-ball captain-ship of Lucille Bergerud, class teams are organized and from these a varisty team is chosen on the basis of ability, sportsmanship and attendance.

Above—A great variety of sports are carried out among the women. M. Beardsley, P. Eddy, A. Meyers, H. Sorenson enjoy skating while V. Glasrud likes to skii. R. Askegaard is giving instructions between halves in basketball and F. Moen is taking a free-shot. M. Schutt and M. Strand are resting after having had a snowball fight.

Below—Basket-ball fans are seen in the most exciting game of the season. The Varsity team consisting of A. Meyers, A. Rinke, F. Olson, F. Moen, T. Benidt and E. Raer, are challenging the Upperclass team of P. Eddy, H. Keller, G. Meland, L. Bergerud, M. Johnson, J. Davnie and B. Gutzler to a game in which the Varsity team proves victorious.

SPRING SPORTS

As spring approaches the women find many ways to cultivate their athletic yearnings. A program of swimming, kittenball, tennis, track and archery is carried out. Through the organization of teams and the completion of a well-balanced program the true spirit of a sportsmanship is expressed. Vacation opens with promising anticipations of a summer filled with many sports and activities.

Above—L. Jacobson excells as a bicycling star. Prominent tennis players are P. Eddy, L. Bergerud, and F. Moen. Shades of William Tell: Pauline Eddy heads the target shooters, aided by Agnes Nemzek, a captain. Grace Meland, captain of the hockey team, leads off.

Below—The outstanding event of the spring season is the swimming meet. The participants are ready for a plunge into the pool while the spectators are waiting anxiously on the side lines. Champion swimmers are: H. Peoples, M. L. Price, P. Eddy, P. Fountain, D. Murray, M. Johnson, B. Headland, R. Bohlin, and M. Schutt.

ORGANIZATIONS

The forming of friendships is the primary function of any organization. Moorhead State Teachers College has six social organizations — four sororities and two fraternities. Professional and honorary fraternities in fields of special interests enhance and enrich the college curriculum. Organizations promote the ideals of friendship, co-operation, unselfishness, and leadership, and are recalled as a pleasant memory of college days.

SIGNS OF LIFE

With the help of Elizabeth Coed and Joseph College, the Praeceptor salutes the things that ordinarily get no recognition for the large part they play at college. Student rooms, work behind-the-scenes, a cup of "coff" at the Club, extemporaneous fun . . . some day these pictures—mere ink and paper—may touch a poignant memory that otherwise would have died.
